Business Page Template

This is the [Business page template](#), which consists of a Business Slider and normal page content below. You can set the content below the slider to be one column (no sidebar), two columns (one sidebar) or three columns (two sidebars). You can also disable the footer widgets specifically for this page template.

You can easily set the Business page as your front page in Canvas, through *Settings > Reading* in your WordPress Admin.

Business Slider

The Business Slider in this page template is used to showcase your content through the *Slides post type*.
